

MPS and ChessKid.com are Partnering!

What is ChessKid.com?

ChessKid is safe. ChessKid is fun. ChessKid will keep your kid motivated to learn and improve chess skills. Our star-awarding tools like **Puzzles** and **Fast Chess** provide encouragement to kids, even through the natural growing pains of learning the challenging game of chess. Our Levels system keeps kids striving to up their level at all times, and you will notice immediate differences in their over-the-board results.

What's the difference between a Free account & a Gold Membership?

With a Free membership, kids can play live chess. It also allows them to sample our puzzles (up to 5 per day) and read our articles.

Gold Membership allows full, unlimited access to the entire ChessKid.com site and unlocks all of the ChessKid educational features: all of our Levels guided lessons, unlimited live chess, slow chess, puzzles, computer workouts & more than 600 educational videos - with new content added all the time. The game history saves all of the games played on the site.

What's the difference between ChessKid.com & Chess.com?

If you're a kid, ChessKid.com is absolutely the place you should be playing!

ChessKid.com is specifically designed to be a safe and fun site for kids. The website is kid-friendly and easy to navigate. Lessons and videos are short, engaging and fun! ChessKid.com considers online safety our #1 priority: there are no outside links or advertisements, and there is no social networking between kids and adults. Parents and coaches have full control of their kids' accounts, as well as the ability to review games and activity on the site.

Chess.com is our parent site, and is the #1 chess website for adults.

What age range is ChessKid designed for?

Every child learns at a different pace. In general, ChessKid's content and format is designed for kids up to age 13, but even older kids can benefit from the site. ChessKid.com is created for students from absolute beginners up to a chess rating of about 1600, and there's new content added all the time!

Is there a ChessKid app?

Yes! A free app is available for both iOS (Apple) and Android devices

How do I receive a Gold ChessKid.com membership?

Parents should register students at www.mpschess.org (or http://alc.mpls.k12.mn.us/chess_2). Look for the links on the right column. After completing the form, we will create a Gold account and connect you with a school. Your child will be assigned an Online Chess Coach when possible.
